TheW NYC

TheW Clan

TheW comprises two collections: TheW Clan is a series of display styles, and currently has three members, RZA, GZA, and ODB. While they all have a monospaced look, each of them brings a special flavor to the page. TheW NYC is a slightly tamed-down offshoot with proportional spacing, made for text use. It comes in regular and italic styles.

File Formats

Available desktop font formats: OpenType/CFF (.otf extension), TrueType (.ttf extension)

We offer WebS and WebXL webfont files subsets – you will find them all in your package:

- WebS is a reduced and lighter font file suitable for most common web usages, containing only the Latin alphabet (without alternates, ligatures and OpenType features).
- WebXL is the complete font file containing all characters, including the many available only with OpenType functions and therefore not fully supported by all web browsers.

Available webfonts formats: .woff2, .woff, .eot, .ttf, .svg

The webfonts are manually optimized for ClearType rasterizers and above (DirectWrite), using TrueType hinting in vertical directions.

Available formats for App, EPUB, Broadcasting OpenType/CFF (.OTF extension)
